

Grenada

The "Spice Island"

There are so many great reasons to visit Grenada. First of all, you need to take full advantage of the plethora of spices available and purchase some! We stayed at an Airbnb that had gorgeous views and was just a short bus ride from **Grand Anse Beach**. Like, seriously...all we had to do was walk down our driveway and the bus stop was right there! Our suggestions: Explore the island, talk to the locals (everyone was so friendly), learn about the history & drink all the rum!!
